

Kyoto City KYOCERA Museum of Art

Initiatives to Assure the Kyoto City KYOCERA Museum of Art's Future

The Kyoto City KYOCERA Museum of Art renewal project was realized thanks to the support of the Kyocera Corporation through a naming rights agreement. To assure the continued operations and the legacy of the Museum, we are expanding initiatives to individuals and corporations for donations and support. These include application of the Hometown Tax system that allows tax credit for contributions, and enhancement of the benefits of members of the Museum's membership program. The Museum's collection contains more than 3,600 works, and many of them are gifts from artists and collectors. We are pleased to receive inquiries on donating artworks from artists, collectors and owners who wish to share their precious cultural properties with others through the Museum.

Specific program details at the time of the Renewal Opening will be forthcoming later in the fall. We look forward to your support.
